Dear Potential Advisory Committee Member,

The Oral Health Long Beach Program is committing to improve the oral health of the residents in the City of Long Beach. To expand our efforts, and better utilize our resources, we are creating an Advisory Committee. We believe that working together will allow us to better serve our residents in a more effective way. We are inviting representatives from different sectors such as health providers, community leaders, and school staff to join us and provide their input and service on this committee.

We know that your expertise and knowledge would make a valuable contribution to this committee. You will have the opportunity to help us guide, promote, and educate our communities in the goal of improving oral health.

Our first meeting is scheduled for October 15, 2018, in our Main Health building located at 2525 Grand Ave. Long Beach CA, 90815 in room 204, from 12:00-2:00PM. Lunch will be provided.

Please let us know if you will be attending by October 11th, 2018. To confirm your participation contact damaris.campos@longbeach.gov. If you have any further questions or concerns, contact me, Maria Sanchez via email at maria.sanchez@longbeach.gov or call me at (562)570-4206.

Thank you for considering our invitation. We very much look forward to the opportunity to work together in the advancement of oral health.

Sincerely,

Maria Sanchez, MPH
Oral Health Program Coordinator
Nancy Riano, RN, PHN, MSN, FNP-BC
Oral Health Program Director
